~~park~~ solar panel unicycle hang-glider monorail surfboard

This is a picture of the future. In the future, children have a lot of free time and they can spend it in the ~~library~~ park. They can travel to places in the city in a wagon. The boy on the lake is having fun on a boat. There is a boy riding a bicycle in the picture. Do you like flying? Then you can fly something which has a triangular sail, called a parachute. You can also fly in a microlight, which uses a motor to the generate energy it needs to fly.
